

Graduate School of Agriculture, Tokyo University of Agriculture Guidelines for October Admission Applicants 2017, and April Admission Applicants 2018

Table of Contents

- * Preliminary information before the application
- * Objectives of Graduate School of Agriculture
- * Capacity
- * Schedule of Entrance Exam

I. General Exam (October Admission 2017 and April Admission 2018 first and second terms)

1. Application Eligibility
2. Application Procedure
3. Selection and the Subjects of the Exam
4. Examination Admission Form (Date, Time, and Venue of the Exam)
5. Announcement of the Result

II. Common rules to each admission scheme

1. Contact details
2. Entrance Procedure
3. Tuition fees
4. Scholarship
5. Notice to non-Japanese applicants
6. Long-term curriculum program
7. Privacy policy

III. Evaluation of the Eligibility

Preliminary information before the application:

The applicant has to meet and consult with the supervisor at your major about the research plan before applying to Graduate School. For the contact details, visit the website of Graduate School and you can find the list of the supervisors.

Website of Graduate School: <http://gs.nodai.ac.jp/>

For more details, please ask Academic Affairs Section of Graduate School.

Objectives of the Graduate School of Agriculture
(Extract from Graduate School Regulations)

As a pioneer in the varied fields of agricultural science in Japan and overseas, the Graduate School of Agriculture aims to foster researchers and highly specialized engineers who are knowledgeable and skilled, as well as demonstrate wholesome, harmonious human nature. We encourage and assist in the development of logical thinking and problem-solving capabilities based on realistic education while seeking to provide education and conduct research in the fields of biological resources, life sciences, environmental science and health science, as well as management and economics.

*2 Special exam [Recommended students] Special admission for recommended students, 2018 [students with career in international cooperation] Special admission for students with career in international cooperation, 2018 [adult/working students] Special admission for adult/working students

*3 Entrance will be in October, 2017

- *4 Special admission for adult/working students (except for Major in Ecological Symbiotic Science)
- *5 Special admission for adult/working students to Major in Ecological Symbiotic Science
- *6 This department will be established in April, 2018.
- *7 The number of the students who pass the exam should not exceed the number of the capacity in the exam for the recommended students.

Schedule of Entrance Exam

I General exam

October admission 2017

Entrance month	Application, and Exam fee payment	Application deadline	Date of the exam	Announcement of the result	Entrance registration
October, 2017	June 20 – June 29, 2017	June 30, 2017 postmarked on this date is accepted	July 15, 2017	July 21, 2017	September 4 – September 6, 2017

April admission 2018 (first term, second term)

Entrance month	Application, and Exam fee payment		Application deadline	Date of the exam	Announcement of the result	Entrance registration
April, 2018	First term	June 20 – June 29, 2017	June 30, 2017 postmarked on this date is accepted	July 15, 2017	July 21, 2017	March 5 – March 8, 2018
	Second term	December 11- December 20, 2017	December 21, 2017 postmarked on this date is accepted	January 27, 2018	February 2, 2018	* Except for March 6

II Special admission for recommended students

* Online application is NOT used.

Entrance month	Exam fee payment	Application deadline	Date of the exam	Announcement of the result	Entrance registration
April, 2018	May 22 – May 31, 2017	May 29 – May 31, 2017 postmarked on this date is accepted	Each department will implements the exam during a period from June 12 to June 16	June 20, 2017	October 10 – October 12, 2017

III Special admission for students with career in international cooperation

Entrance month	Application, and Exam fee payment	Application deadline	Date of the exam	Announcement of the result	Entrance registration
April, 2018	December 11 – December 20, 2017	December 21 postmarked on this date is accepted	January 27, 2018	February 2, 2018	March 5 – March 8, 2018 * Except for March 6

IV, V Special admission for adult/working students (including Major in Ecological Symbiotic Science)

Entrance month	Application, and Exam fee payment		Application deadline	Date of the exam	Announcement of the result	Entrance registration
April, 2018	First term	June 20 – June 29, 2017	June 30, 2017 postmarked on this date is accepted	July 15, 2017	July 21, 2017	March 5 – March 8, 2018
	Second term	December 11- December 20, 2017	December 21, 2017 postmarked on this date is accepted	January 27, 2018	February 2, 2018	* Except for March 6

*The schedule of Evaluation of the Eligibility, see the chapter III. Evaluation of the Eligibility

I. General exam

1. Application Eligibility

Those who meet one of the following criteria, or expected to receive the degree by September 2017 for October 2017 admission, or by March 2018 for April 2018 admission.

(1) Master's Program

1. Those who have graduated from university that is defined in article 83, School Education Act.
2. Those who have received the degree of Bachelor under the article 104 item 4 of School Education Act.
3. Those who have completed a sixteen-year curriculum of education in an overseas country.
4. Those who have completed a sixteen-year correspondence course offered by an overseas educational institute in Japan.
5. Those who have completed the curriculum of an educational institute which is recognized as the institute having the curriculum of university at an overseas country and is designated by Minister of Education, Culture, Sports, Science and Technology. The curriculum should be recognized that the graduate completes a sixteen-year curriculum in the overseas country.
6. Those who have received the degree corresponding to Bachelor from an overseas university or other school by completing three-year curriculum, including completion of a correspondence course offered by an overseas educational institute in Japan, or completion of a curriculum of an educational institute which is recognized as the institute having the curriculum of university in the overseas country and recognized according to the Item 5. The university or the school should be accredited by the government or accreditation organization, or should be designated as an equivalent to the accredited university or school, regarding the comprehensive aspects of the education and research.
7. Those who have completed the curriculum of Specialized Training Colleges which is designated by Minister of Education, Culture, Sports, Science and Technology after the date which is designated by Minister of Education, Culture, Sports, Science and Technology. The curriculum should be four or more year-curriculum and meet the criteria which Minister of Education, Culture, Sports, Science and Technology mandates.
8. Those who are nominated by Minister of Education, Culture, Sports, Science and Technology.
9. Those who entered another graduate school under the article 102 item 2 of School Education Act, and is recognized by each department that they have sufficient skills and knowledge to be educated in graduate school level at Graduate Schools of Tokyo University of Agriculture.

10. Those who are recognized that they have sufficient skills and knowledge in the level of university graduates in the eligibility evaluation, and are over twenty two years old.

11. Those who have completed three-year education at university, including those who are recognized as equivalent to this criterion by Minister of Education, Culture, Sports, Science and Technology, and who are recognized by each department that they earned credits with outstanding grade.

(2) Doctoral Program

1. Those who have or are expected to acquire Master's degree or professional degree.

2. Those who have or are expected to acquire Master's degree or professional degree in an overseas country.

3. Those who have completed or are expected to acquire Master's degree or professional degree by completing the correspondence course of an educational institute at an overseas country.

4. Those who have completed or are expected to complete the curriculum of an educational institute which is recognized as the institute having the curriculum of graduate school at an overseas country and is designated by Minister of Education, Culture, Sports, Science and Technology, and acquire Master's degree or professional degree.

5. Those who are nominated by Minister of Education, Culture, Sports, Science and Technology.

6. Those who are recognized that they have sufficient skills and knowledge at the level of Master's degree or professional degree in the eligibility evaluation, and are over twenty four years old.

2. Application Procedure

Please refer to "Schedule of Entrance Exam" on page 6 for the details of the important dates for the application. You can access to the online application system from the website of Graduate Schools, Tokyo University of Agriculture.

Applications and Admissions: http://gs.nodai.ac.jp/admission/webapplication_eng

(1) Application procedure

Please paste the "Label for application forms" (designated form which you will have to download from the online application system) on the envelope (240mm x 332mm), and send them by "Express and registered mail" by the deadline, or submit at the counter of the Academic Affairs Section of Graduate School (Setagaya Campus), or Section of Student and Academic Affairs (Atsugi Campus).

*If you send them from overseas country, please send the “Express Mail Service (EMS)”. Please ask the agent living in Japan to send the documents if possible.

*Please strictly meet the deadline.

(2) Payment of the exam fee

Please pay the exam fee through the electronic payment through the online application system. You cannot download the application forms unless you complete the payment of the exam fee.

*Exam fee: JPY30,000

(3) Documents to be submitted

Please download the application forms through the online application system, and fill in the hand-written fields after printing them. You can download the blank format of form 4 through the URL below for your pre-preparation for the form.

Application forms (for pre-preparation): <http://gs.nodai.ac.jp/admission/preappform>

*The forms shall be printed single-sided in A4 paper.

*Hand-written forms should be completed with black ink (distinguishable ink is not accepted)

1. Check list (form 1)

2. Application form (form 2)

Please attach the photo taken within three months, 3cm x 4cm.

3. Curriculum vitae (form 3)

- Regarding the education history, please list the institute from high school. (For international applicants, please list from elementary school)

4. Personal data sheet (form 4)

Please be sure to acquire the confirmation seal from the supervisor at the field of “3. Research Plan”. Without the confirmation seal, you are not able to take the exam.

5. Certificate of graduation or certificate of expectation of graduation (in English or Japanese)

6. Certificate of grades

Please submit the certificates issued within 3 months from the application date. The certificates should be in Japanese or English.

* For international applicants, please see the page of “International Applicants’ Certificates”.

7. Certificate of eligibility (if applicable)

Please submit the certificate of eligibility if you took the evaluation of the eligibility.
For the details of the Evaluation of the Eligibility, please refer to “III. Evaluation for the Eligibility” on page 27.

8. A notarized deed (if applicable)

If you graduated from a university in P. R. China, please submit “a notarized deed”.

The items 9 and 10 are only applicable to international students only

9. Copy of the passport (form 8)

Please paste the copy of the photo page on the designated form.

10 Certificate of Japanese language ability (This is not mandatory)

Certificate of Japanese Language Aptitude Test, or other certificate issued by a Japanese language institute (not mandatory).

(4) Others

* In case you fail to pay the application fee and send the application documents on time, or there are some deficiencies, your application will not be accepted.

* Application fee is not refundable in any case after the completion of the application procedure, and the revision of the documents is not either allowed.

3. Selection and the subjects of the exam

The selection of the students is based on the written exam, the oral examination, and the grade of the graduating school.

Please consult with the office of each major if you would like to take an exam of language except for English. International students alone can take Japanese as a language exam.

【Master's Program】

Major	Language level test	Special subject		Oral examination
		Compulsory subject	Elective Subjects	
Agricultural Science	Select one subject from English or Japanese	—	Crop production Pomology Vegetable crop science Floricultural science Plant pathology Applied entomology Plant breeding <div> Select one subject of your major and another from among these subjects. </div>	Required
Animal Science		—	Animal reproduction Animal breeding Animal physiology Animal feeding Animal health Animal product processing <div> Select one subject of your major and another from among these subjects. </div>	Required
Human and Animal-Plant relationships		Plant symbiosis science Human-plant relationships Wild animal science Companion animal science Plant assisted therapy Animal assisted therapy <div> Select two subjects </div>		Required
Bioscience	English	Molecular biology	—	Required
Agricultural Chemistry		Biochemistry (including molecular biology)	Inorganic chemistry Organic chemistry <div> Select one subject. </div>	Required
Fermentation Science and Technology	English	Biochemistry (fundamental and microbial physiology)	—	Required

Major	Language level test	Special subject		Oral examination
		Compulsory subject	Elective subjects	
Food and Nutritional Science	English	Food and nutritional science (incl. Food biochemistry, Cookery science, Nutrition and physiological chemistry, Health and nutritional science, and Clinical nutrition)	—	Required
Forest Science	English or Japanese	—	Forest ecology Erosion control engineering Revegetation engineering Silviculture Forest tree breeding Forest engineering Forest management Forest policy Wood science and technology Wood anatomy Forest products chemistry Wood preservation chemistry	Select one subject of your major and another from among these subjects.
Agricultural Engineering	English	—	Land and water use engineering Rural environmental engineering Regional environmental information studies Soil and water environmental technology Infrastructure engineering Hydro-structure engineering Bio-robotics Agricultural process and logistics engineering	Select one subject of your major.
Landscape Architecture		—	History of landscape architecture Landscape planning Landscape engineering Landscape plant Landscape planting	Select one subject of your major and another from among these subjects.

Major	Language level test	Special subject		Oral examination
		Compulsory subject	Elective subjects	
International Agricultural Development	English	—	Tropical crop science Tropical horticulture science Tropical plant protection Agricultural environment science Agricultural development economics Rural development cooperation	Select one subject of your major. Required
Agricultural Economics	English or Japanese * ¹	—	Agricultural economics* Agricultural policy* Food economics* Economics	Select one subject of your major with asterisk (*) and another from among these subjects. Required
Agribusiness Management	TOEIC score* ²	Biobusiness administration	Biobusiness management and marketing Information processing Biobusiness environment	Select one subject of your major Required

*1 You can choose English only if your first language is NOT English. If English is the second or the third language, you can choose English even if you are an international student.

*2 Applicants for major in Agribusiness Management should take TOEIC before the exam date and bring the original copy of “official score certificate” at the exam.

【Doctoral Program】

Major	Language level test	Special subjects	Oral examination
Agricultural Science	English or Japanese	Crop production Pomology Vegetable crop science Floricultural science Plant pathology Applied entomology Plant breeding <div> Select one subject of your major. </div>	Required
Animal Science		Animal reproduction Animal breeding Animal physiology Animal feeding Animal health Animal product processing <div> Select one subject of your major. </div>	Required
Human and Animal-Plant relationships		—	Required Examination on the research achievement by oral presentation
Bioscience	English	—	Required Examination to check professionalism
Agricultural Chemistry		Productive environmental chemistry Plant production chemistry Nutritional biochemistry Bioregulatory Chemistry Microbiology Food resource science <div> Select one subject of your major. </div>	Required
Fermentation Science and Technology		Science of alcohol beverages Fermented food science Fermentation microbiology Environmental science for brewing <div> Select one subject of your major. </div>	Required

Major	Language level test	Special Subject	Oral examination
International Agricultural Development	English	Crop studies Horticultural studies Plant pathology Applied entomology Agricultural environmental science Agricultural development economics Rural development cooperation	Select one subject of your major. Required
Agricultural Economics	English or Japanese * ³	Agricultural economics Agricultural policy Food economics	Select one subject of your major. Required
Agribusiness Management	English	Biobusiness management and marketing Information processing Biobusiness environment	Select one subject of your major. Required
Ecological Symbiotic Science	English or Japanese	Select one subject related to the research and instruction field in which the applicant desires to specialize.	Required

*³ You can choose English only if your first language is NOT English. If English is the second or the third language, you can choose English even if you are an international student.

【Master's Program】

Major	Language level test	Special subject		Oral examination
		Compulsory subject	Elective subjects	
Nutritional Science and Food Safety * will be established in April, 2018	English	Biochemistry (incl. Molecular biology, Organic chemistry, and Analytical chemistry)	Chemical toxicology Risk assessment Food development Bioactive substances Physiology and Metabolism Molecular Bioregulation	Select one subject of your major. Required

4. Examination Admission Form

After you complete the confirmation of your application documents at the university, you will receive “Confirmation e-mail of the application documents”, and then, you will be able to download the examination admission form from online application system. The time and the venue of the exam are on the examination admission form and you have to confirm and print it before the exam. You also have to bring the examination admission form on the exam day.

(1) Time (tentative)

Gathering time: 9.30 (the exam room will open at 9.00)

The exam will start at 10.00

*In case you could not enter the exam room until 30 minutes passed from the start of the exam, you would not be able to take the exam.

(2) Venue

Setagaya Campus: 1-1-1 Sakuragaoka, Setagaya, Tokyo

Atsugi Campus: 1737 Funako, Atsugi, Kanagawa

*The exam for Major of Agricultural Science, Animal Science, and Human and Animal-Plant Relationships will be implemented at Atsugi Campus.

5. Announcement of the result

The result will be displayed on the bulletin board of Academic Affairs Section of Graduate School and the bulletin board of Graduate School at Atsugi Campus. It will also be publicized in the website of Graduate School of Tokyo University of Agriculture.

(1) Announcement date

Please refer to “Schedule of Entrance Exam” on page 6 for the details of the announcement dates.

(2) Distribution of the note of acceptance and entrance procedural documents

Those who belong to Tokyo University of Agriculture or Graduate School of Tokyo University of Agriculture should come to Academic Affairs Section of Graduate School (Setagaya) or Section of Student and Academic Affairs (Atsugi) to receive the documents. For the other applicants, the documents will be sent by post.

II. Common information to each admission scheme

1. Contact details

Setagaya Campus

Academic Affairs Section of Graduate School (Departments other than Atsugi Campus)

1-1-1 Sakuragaoka, Setagaya, Tokyo 156-8502

Tel: +81-3-5477-2240

Atsugi Campus

Section of Student and Academic Affairs (Department of Agricultural Science, Animal Science, and Human and Animal-Plant Relationships)

1373 Funako, Atsugi, Kanagawa 243-0034

Tel: +81-46-270-6225

2. Entrance Procedure

(1) Period for the procedure

For the details of the period for the entrance procedure, please refer to “Schedule of Entrance Exam” on page 6.

Please submit the documents with the designated envelope enclosed in the announcement of the result. You may send them by post or bring to the counter of Academic Affairs Section of Graduate School (Setagaya) or Section of Student and Academic Affairs (Atsugi).

* In case you fail to pay the fee and to submit the required documents during the period above, your permission to Graduate School will be cancelled.

* Please send the documents with the designated envelope and send them by “registered and express mail”.

* The office will open from 9.30 to 17.00 (if you send the documents by post, they must arrive by the last day of the period).

(2) Period for the payment of the tuition and the other fees

[Special admission for recommended students]

April admission, 2018: October 2 (Monday) – October 12 (Thursday), 2017

[Other students]

October admission, 2017: August 28 (Monday) – September 6 (Wednesday), 2017

* The payment should be made by two instalment (you cannot pay in single payment).

April admission, 2018: February 26 (Monday) – March 8 (Thursday), 2018

(3) Required documents

1. Pledge
2. Payment form with the receipt seal of a bank

3. Registration form of the address for the tuition fee payment notice (except for Tokyo NODAI graduates)
4. New students registration form
5. Photo (for student ID card)
6. Residence certificate (domicile of origin should be given), or extract of family register.
 - *International students should submit a residence certificate in which residence status and period of stay are given.
 - *The certificate shall be issued within three months from the deadline of the entrance procedure.
7. Certificate of graduation (Graduates from Tokyo NODAI don't have to submit this).

(4) Cancellation

In case you would like to cancel the entrance to Graduate School, please submit the cancellation form. You have to consult with Academic Affairs Section of Graduate School or Section of Student and Academic Affairs (Atsugi) prior to submission of the cancellation form.

In case you cancel the entrance after completing the procedure, the paid fee except for entrance fee will be refunded. Please consult with Academic Affairs Section of Graduate School or Section of Student and Academic Affairs (Atsugi) immediately and submit the fee refund application form by the deadline.

However, the refund procedure shall be completed by the date below:

October admission: September 29 (Friday), 2017

April admission: March 30 (Friday), 2018

3. Payment

October admission 2017 and April admission 2018

Items Courses and Majors		Academic fees					Membership fees	Total
		Entrance fee	Tuition fee	Experiment and practice fee	Facility and equipment fee	Students welfare fee

Master's Course	Nutritional Science and Food Safety *	270,000	660,000	300,000	210,000	20,600	20,000	1,480,600

* This department will be established in April, 2018.

Notes

1. Value added tax is not imposed on the academic fees.
2. The details of the membership fees are: students union: JPY10,000; education support association: JPY10,000.

4. Scholarship

Graduate Schools have established the schemes of scholarship aiming to enhance the academic research and education, and development of good human, by providing the economic support to the students with good character and excellent academic record.

The details of the scholarship schemes are as follows:

Tokyo University of Agriculture Graduate School Scholarship

(1) Category 1 Scholar

1. This is applicable to those who enrol in Master's Program and Doctoral Program
2. The scholarship is paid by exempting a half of tuition fee and Facility and equipment fee.
